Who We Are

The Jaychem Solutions Kenya Ltd is a healthcare supplies and medical solutions company providing a broad range of medical consumables, laboratory supplies, infection-control products, hospital furniture, patient-care products and medical equipment.

Our catalogue is built around the practical needs of healthcare environments—from everyday clinical consumables to specialized equipment used in diagnostics, patient monitoring, respiratory care and laboratory operations.

Medical supplies imagery used for visual illustration; it is not a photograph of Jaychem's inventory.

CLINICAL	DIAGNOSTIC	FACILITIES	EQUIPMENT
Consumables & surgical supplies	Laboratory & testing products	Furniture & patient-care products	Medical & monitoring equipment

Our Healthcare Product Portfolio

Clinical laboratory stock image used to visually represent diagnostic and laboratory capabilities.
